

# TERMS AND CONDITIONS OF THE **TRETEN10X ACCOUNT** PROMOTION

## 1. Promotion Description

This document outlines the terms and conditions of the “Treten x10 Account” promotion, offered by Treten. Through this promotion, any client who deposits an initial amount between \$250 and \$5,000 will receive a leveraged trading account with a balance 10 times the amount deposited.

## 2. General Conditions

- The accounts offered are real trading accounts, connected to liquidity providers.
- There is no evaluation or challenge phase. The account is active and ready to trade immediately after activation.
- The deposited capital can be withdrawn under certain conditions (see section 5).
- The client owns 100% of the profits generated in their account.
- This promotion can only be activated once per account. Future deposits will not be eligible for the same promotion.

## 3. Promotion Amounts

- Minimum deposit: \$250
- Maximum deposit: \$5,000
- Account balance granted: 10x the deposited amount (e.g., depositing \$500 results in a \$5,000 account).

## 4. Risk Management and Drawdown

- The maximum allowed drawdown is 10% of the initial balance of the funded account.

○ Example: If the client deposits \$1,000, they receive a \$10,000 account. The maximum loss allowed is \$1,000. If the balance drops to \$9,000, the account will be automatically deactivated.

- Important: Even if the client generates profits and increases the balance (e.g., to \$11,000), if it later drops to \$9,000, the account will also be deactivated, as the 10% loss threshold from the initial balance has been exceeded.

- There is no daily or trailing drawdown, only a total 10% drawdown based on the initial balance.

## 5. Withdrawals

- Withdrawals are allowed from day one, as long as there are no open trades and there are profits in the account.
- 100% of profits are withdrawable.
- The initially deposited capital can be withdrawn; however, any partial or full withdrawal will cancel the promotion.

## 6. Allowed Strategies and Tools

- All trading strategies are permitted.
- Use of Expert Advisors (EAs) and copy trading services is allowed.
- Trading during economic news is permitted.
- Positions can be held over the weekend.

## 7. Deposit and Withdrawal Methods

- Available methods vary depending on the client's country and may include:
  - Cryptocurrencies (Crypto)
  - Fiat (local or international bank transfers)
  - Credit and debit cards
- Important: Withdrawals must be made using the same method as the deposit, provided it is available for withdrawal.
  - Example: If the client deposited via cryptocurrency, the withdrawal must be processed via cryptocurrency.
- This policy aligns with international standards for financial security and fraud prevention.

## 8. Processing Time

- The estimated withdrawal processing time is up to 24 business hours.

## 9. Anti-Fraud and Misuse Control

- Treten reserves the right to suspend, deactivate, or cancel any account if, at its sole discretion, any of the following behaviors are detected:

- Treten may request additional documentation to verify the user's identity and the legitimacy of the funds.

## 10. Limitation of Liability

- The client is fully responsible for the use and management of the leveraged account.

## 11. Modifications

- Treten reserves the right to modify these terms and conditions at any time, notifying users through official channels.

## 12. Acceptance

By participating in this promotion, the client confirms that they have read, understood, and accepted these Terms and Conditions.
